

REHABILITATION

Initial Consultation: \$115

Curt Barchard, DVM

Certified Canine Rehabilitation
Therapist, Certified Veterinary
Acupuncturist

Joined AECC: 2006

As with human physical therapy, Canine Physical Rehabilitation is greatly beneficial to the recovery, long term comfort and performance related to many musculoskeletal and neurological disorders.

Indications for a rehabilitation evaluation and treatment plan include, but are not limited to:

- Post operative musculoskeletal ligament/tendon surgery, fracture repair, IVDD surgery
- Non-surgical IVDD with associated pain and or neurologic deficits
- Ligament/tendon injuries, acute or chronic
- Degenerative joint disease/arthritis
- Non-specific neuromuscular disorders
- Obesity

Evaluations are also performed to diagnose and develop a treatment plan for those cases where there may be lameness or evidence of musculoskeletal pain without distinct cause.

Physical Rehabilitation Sessions may include a combination of the following: Cold Laser Therapy, Acupuncture, Electro Stimulation, Manual Manipulation, Underwater Treadmill and appropriate exercise for patient's condition.

Please call in advance of arrival for more details on total costs associated with treatments.

INITIAL CONSULTATION \$115

- Includes initial consult & first physical rehabilitation session
- NO additional charge for daily hospital stay
- NEW CONSULT APPOINTMENTS ARE ONLY SCHEDULED ON TUESDAYS, THURSDAYS & FRIDAYS, Drop off: 7 am - 11 am
